

## EXTRACT FROM EAVA-19209 (BGFIGHTER)

DATED 21 February 1958

[ BGFIGHTER ] 4. We discussed briefly the matter of covering GRARB at Berchtesgaden (see EAVA-18665). I felt it appropriate at this point to give Col. Heckemeyer a fairly comprehensive picture of our obligations and work in the stay-behind field. He seemed quite impressed at the degree of our commitment in this field and surprised me by saying that they had one or two (he wasn't sure) radio agents in western Austria also. He said that their activities were current and not dating from the occupation time and went on to say that the scope of KUBARK's effort made him wonder whether their work was not pointless and that we should discuss this further at our next meeting. In the meanwhile he said he would look further into the amount of work being devoted to this sector by his people. ARMY
